

บริษัท สิริิน เอ็นจิเนียริง จำกัด

SIRIN ENGINEERING CO., LTD.

# INSULATION WORK SPECIALIST

**Sirin Engineering Co., Ltd.** was founded in 1993. Our business is engaged in supply and installation of thermal insulation, ducting, etc.. Sirin Engineering Co., Ltd. Produces high quality in fabrication and erection thermal insulation for Power plant, Petrochemical, Process and Defense industries.

494 MOO 6 PANANIKOM, NIKOMPATTANA,

SIRIN ENGINEERING CO., LTD.

# PROFESSIONAL AND TECHNICAL SERVICES

## Thermal Insulation

Mineral wool, Fiberglass, Calcium silicate, Ceramic fiber for process plants, Storage tanks, Equipment, Vessels, Columns, Towers, Boilers, Furnaces, Piping, Fitting and Thermal protection of buildings.

## Cold Insulation

Elastomeric thermal, Polyurethane, Cellular glass for spherical tanks, Liquid gas storage tanks, Equipment, Towers, Columns, Piping and Fitting.

## Ducting

Rectangular duct, Round duct, Spiral duct for air conditioning, Supply air, Exhaust air, etc.

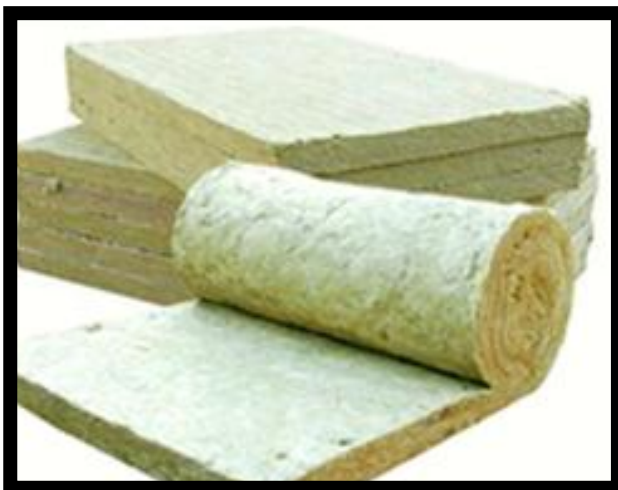

## HOT MATERIAL SPECIFICATION

### ProRox PS

- 120 – 150 kg/m<sup>3</sup> density.
- Pipe OD. 21.3 – 711.0 mm.
- Recommended operating temperature up to 650°C (1202 °F)
- Capability of handling intermittent temperature up to 1000 °C (1800 °F)

### ProRox SL / BL

- Plain or with facing.
- slab or blanket.
- 60–145 kg/m<sup>3</sup>.
- Thickness 25–100 mm.
- Recommended operating temperature up to 850 °C

### ProRox WM

- Galvanize or Stainless wire mesh.
- 80–128 kg/m<sup>3</sup>.
- Recommended operating temperature up to 750 °C

# HOT MATERIAL SPECIFICATION

## FIBERGLASS

- Surface burning characteristics :  
Flame spread 25, Smoke developed 50
- Light reflectance 75% or over.
- Moisture absorption less than 1.5% by weight.
- Will not provide sustenance for mold, fungi, bacteria or vermin.

## CERAMIC FIBER

- 96 or 128 kg/m<sup>3</sup> density.
- Temperature limits 1260-1460 °C
- Gas flow velocity resistance up to 25 m/sec.
- Reheat change -1.5% of 1200 °C x 24 hrs., -2.5% of 1300 °C x 24 hrs.

## CALCIUM SILICATE

- 200 - 220 kg/m<sup>3</sup> density.
- Service temperature 650 °C and 1000 °C for Hi-temp.
- Low thermal conductivity 0.035 - 0.0001 Kcal/mh°C

## COLD MATERIAL SPECIFICATION

### POLYURETHANE FOAM

- 35-60 kg/m<sup>3</sup> density.
- Dimensional stability -0.1% of -15 °C x 48 hrs., 0.75-1% of 100°C x 48 hrs.
- Water absorption 1.4 - 2 vol/vol%
- Temperature limits -185 to 100 °C

### FOAMGLASS

- 128 kg/m<sup>3</sup> density.
- Water absorption 0.2% by weight.
- Max.Service Temperature +482 °C

### ELASTOMERIC THERMAL INSULATION

- 0.06 - 0.10 g/cm<sup>3</sup> density.
- Water absorption 3% by weight.
- Temperature limit -57 to 120 °C
- Excellent flexibility.

# JACKETING MATERIAL SPECIFICATION

## STAINLESS STEEL JACKETING

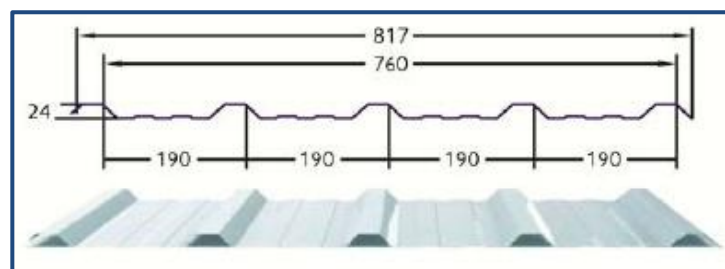

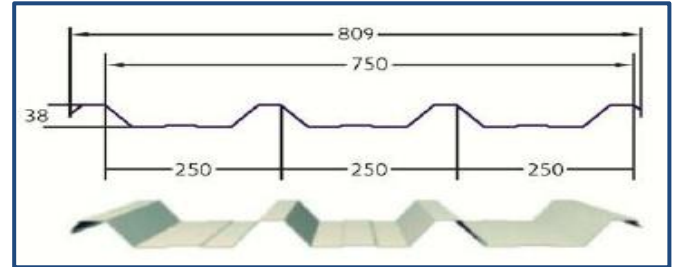

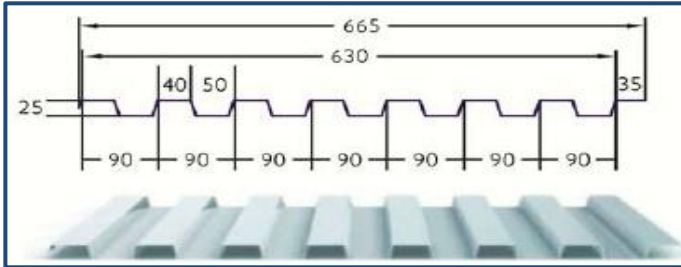

- Sirin Engineering's Stainless steel jacketing is manufactured from AISI Type 304 or 316L 2B Finish. They are available in a smooth finish and come with 5 mm. (3/16") corrugations.
- **Thickness** : 0.3 mm., 0.4 mm., 0.5 mm. (Other thickness available)
- **Widths** : 914 mm. come with moisture barrier and 1000 mm., 1200 mm. in mill finish.
- **Length** : Come in mother coil of approx. 1 metric ton or can be cut into 20 mm. length on request.

## ALUMINIUM ROLL JACKETING

- Sirin Engineering 's Aluminium roll jacketing is manufactured from Type 3003, 3004 and 1060 Alloys and temper H-14 through H-19 conforming to ASTM-B209. They are available in a smooth finish or a stucco embossed pattern and either finish can come with 5 mm. (3/16") corrugations.
- Moisture barrier prevents galvanic or chemical corrosion caused by contact of dissimilar metals and also soluble salts present in most industrial insulations.
- Sirin Engineering recommends that all jacketing systems have a moisture barrier to avoid heavy maintenance cost due to galvanic or chemical corrosion.
- **Thickness** : 0.4 mm., 0.5 mm. 0.6 mm. 0.8 mm., 0.9 mm., 1.0 mm. (Other thickness available)
- **Widths** : 1220 mm.
- **Length** : 30 meter (Other lengths available on request)

# JACKETING MATERIAL SPECIFICATION

## ALUMINIUM CORRUGATED SHEET

- Aluminium Alloy 3003 with Temper H-14 as standard grade which provides superior corrosion resistance. (Other alloys are also available upon request).

### Mechanical properties

- 0.2% Proof Strength : 145 MPa (minimum)
- Tensile Strength : 150-240 MPa
- Total Elongation : 8% (minimum) using gauge length of 50 mm.

### Standard Coil

- Width : 914 mm.
- Thickness : 0.33 mm., 0.40 mm., 0.48 mm., 0.60 mm., 0.80 mm.
- Length : 1000 mm. (Other lengths available on request)

# JACKETING MATERIAL SPECIFICATION

## MOUISTURE BARRIER

- The corrosion of aluminum jacketing used to protect the insulation on piping, fittings, tanks and equipment has historically been a problem plaguing industrial plants throughout the world. Excessive corrosion exposes underlying insulation to the elements. This may reduce or even totally destroy its effectiveness.
  - When insulation becomes moist, soluble salts present in most industrial insulations will function as a weak electrolyte. With the metal tank or pipe and the metal jacketing functioning as opposite poles, a low voltage galvanic cell is formed, which is detrimental to both poles.
  - To prevent this attack at the metal/insulation interface, the incorporation of a laminated moisture barrier on the inner surface of the metal jacketing is highly recommended.
  - Moisture barrier prevents galvanic or chemical corrosion caused by contact of dissimilar metals and also soluble salts present in most industrial insulations.
- **Types of Moisture Barrier.**
- **POLYKRAFT MOISTURE BARRIER >>** consists of 1-mil thick polyethylene and 40# natural kraft paper heat and pressure bonded to the inner surface.
  - **POLYSURLYN MOISTURE BARRER >>** consists of 63um coextrusion of Dupont's surlyn and special polyethylene heat and pressure bonded to the inner surface.
- Sirin Engineering recommends that all jacketing systems have a moisture barrier to avoid heavy maintenance cost due to galvanic or chemical corrosion.
  - Very often, the value of any moisture barrier has been questioned and attempt has been made to substitute a thin paint film for a true laminated moisture barrier. The absence of a moisture barrier, or even the use of an inferior moisture barrier, may accelerate the potential to corrode, thereby resulting in the premature failure of the protective metal jacketing system.

# JACKETING MATERIAL SPECIFICATION

## PRE-FABRICATED JACKETING SYSTEM

- The pre-fabricated jacketing is supplied in 914mm sections with a modified Pittsburgh Z-lock on the longitudinal seam. Unless specified, the section comes with a bead on one side to prevent water from seeping into the insulation.
- The standard thickness of our jacketing system is 0.4mm. Other thickness are available upon request. Our pre-fabricated jacketing is supplied with a polykraft moisture barrier to prevent moisture and corrosives in the insulation from coming into contact with the metal jacketing surface thus causing galvanic or chemical corrosion.
- Each section comes complete with a stainless steel T-304 strapping band of 13mm width and a stainless steel wing seal.
- **Polykraft Moisture Barrier.** Polykraft moisture barrier consists of one layer of 1-mil polyethylene film with a layer of 40lb. natural kraft paper. The moisture barrier is s heat and pressure bonded to the full width and length of the metal.

## PRE-PAINTED GALVANIZED JACKETING

- The paint applied to Sirin Engineering's Pre-painted Galvanized Jacketing are specially selected in accordance to the processing methods and the end use. The 2 coat 2 bake method of paint application provides the jacketing with extra resistance against abrasion impact, chemical and weathering.
- Sirin Engineering's Pre-painted Galvanized Jacketing is manufactured from cold rolled steel.
- **Thickness** : 0.3 mm., 0.4 mm. (Other thickness available)
- **Width** : 914 mm.
- **Length** : 20 m. roll

Stack	Rayong	Getabec PLC.	Hot insulation work for Stack 81m.
Petroleum oil	Bangkok	Pilin Project    Bangchak	Hot insulation work for low steam pipe
Stack	Chonburi	Hiap Seng Eng.	Hot insulation work for Stack 3 units
Power plant NNEG	Phatum Thani Navanakorn	Getabec international	Hot insulation work for pipe & tank
Beverage	Chainat	Tawandang 1999	Hot insulation work for pipe
	Chonburi	Hiap Seng Eng.	Hot insulation work for Horizontal duct 24 units
Petroleum oil Bangchak	Ayutthaya	TRC Construction	Hot insulation work for pipe & tank
Power plant LTC	Rayong	Getabec PLC.	Hot insulation work for HRSG
Sugar Mill	Sa Kaeo	Eastern sugar and cane	Hot insulation work for pipe & tank
Logthai	Samut Prakan	Amano Thai International	Ducting work
Sugar mill	Mitr Kalasin Kalasin	Wellman	Hot insulation work for PCVP Tank
Sugar mill	ESC Sa Kaeo	ES Energy	Hot insulation work for High pressure steam pipe
Power plant BIC2	Ayutthaya	Thai Shinryo	Hot & cold insulation work for pipe & tank

# 2016

Project Title	Location	Client	Description
Sugar mill	ESC, Sa Kaeo	Wellman	Hot insulation work for Continuous vacuum pan
Sugar Mill	Sa Kaeo	Eastern sugar and cane	Hot insulation work for pipe & equipment
Sugar mill	Mitr Kalasin Kalasin	Wellman	Hot insulation work for pipe & equipment
Sugar Mill	Sa Kaeo	Eastern sugar and cane	Hot insulation work for pipe & equipment
Power plant	Rayong	Getabec PLC.	Hot insulation work for Auxiliary Boiler
Sugar mill	ESC, Sa Kaeo	Wellman	Hot insulation work for Continuous vacuum pan
Sugar Mill	Sa Kaeo	Eastern sugar and cane	Hot insulation work for pipe & equipment
Sugar mill	Mitr Kalasin Kalasin	Wellman	Hot insulation work for pipe & equipment
Particle board PB2	Surat Thani	Vanachai Panel Industries	Hot insulation work for Main cyclone
Power plant	ESC Sa Kaeo	ES Power	Hot insulation work for pipe & tank
Petroleum oil	Bangkok	Pilin Project Bangchak	Hot insulation work for Pipe Co-Gen
Sugar mill	ESC Sa Kaeo	Wellman	Hot insulation work for Batch vacuum pan
Petrochemical	Aisin Chemical Rayong	Amano Thai International	Ducting work
Rigid plant	Rayong	CPPC PLC.	Ducting work
Liquor	Thai beverage Samut Sakhon	Dhanasindhi	Hot insulation work for pipe
Sugar mill	Suphanburi	Dhanasindhi	Insulation work for Lime juice & condensate pipe
Unimit plant	Chonburi	Durr (Thailand)	Insulation work for CVAR chamber & stack
Auto tyre	Siam Michelin	King of Valve	Ducting work
Plastic film	Rayong	Polyplex	Hot & cold insulation work for pipe & tank

# 2015

Project Title	Location	Client	Description
MDF3	Surat Thani	Vanachai Panel Industries	Hot insulation work for pipe & equipment
Sugar mill	Sa Kaeo	Eastern sugar	Hot insulation work for pipe & equipment
Bangchak Biodiesel	Ayutthaya	TRC Construction	Hot insulation work for pipe OSBL
HAWK boiler	Kalasin	Getabec international	Hot insulation work for pipe & equipment
UACJ	Rayong	Amano Thai International	Refractory work for duct
Bangsaphan	Prachuap Khiri Khan	Shinkyo Plantech	Refractory work for heating cooling cover
Chemical plant	Rayong	Vanachai Chemical Industries	Ducting & Insulation work for duct & steam condensate
Fuji Oil	Chonburi	Synimage Mechanical	Hot insulation work for pipe & tank
Sugar mill	Lopburi	Wellman	Insulation work for Continuous Vacuum Pan
YRT	Rayong	Getabec PLC.	Refractory & insulation work for HRSG Evaporator
BASF	Chonburi	Synimage Mechanical	Hot & Cold insulation work for pipe & equipment
TRR Silo	Petchaboon	Wellman	Hot insulation work for tank
Sankyo Tateyama	Prachinburi	Amano Thai International	Refractory & insulation work for dust collector, fan & duct
MPK	Chaiyaphum	Wellman	Hot insulation work for pipe, clarifier & flash tank
Power plant	Samut Prakan Latkrabang	Getabec international	Insulation work for pipe & equipment
Power plant	Samut Prakan Bangpoo	Getabec international	Insulation work for pipe & equipment
KTIS Silo	Nakhon Sawan	Wellman	Hot insulation work for tank
Power plant	Nakornsri Thammarat Khanom	STECON	Hot insulation work for pipe & equipment
Morakot	Samut Prakan	Synimage Mechanical	Hot insulation work for Storage tank
Saraburi plant	Saraburi	Vanachai Group	Hot insulation work for pipe

# 2014

Project Title	Location	Client	Description
Sugar mill	Sa Kaeo	Eastern sugar	Insulation work for pipe & equipment
Vegetable oil	Nakhon Ratchasima	Thai Edible Oil	Insulation work for tank & equipment
Vegetable oil	Nakhon Ratchasima	Thai Edible Oil	Insulation work for pipe & equipment
Chemical plant	BASF Rayong	Synimage Mechanical	Cold insulation work for pipe
Vegetable oil	Nakhon Ratchasima	Thai Edible Oil	Insulation work for cold equipment
Sugar mill	Khonkaen sugar, Khonkaen	Wellman	Insulation work for pipe & equipment
Vegetable oil	Nakhon Ratchasima	Thai Edible Oil	Insulation work for tank
Tyrecoed textile	Nakhon Pathom	Asia industrial textile	Insulation work for duct
Chemical plant	BASF Rayong	Synimage Mechanical	Cold insulation work for tank

# 2013

Project Title	Location	Client	Description
Chemical plant	Rayong	Meisei International Zeon chemicals	Thermal insulation work for pipe & equipment
Sugar mill	Sa Kaeo	Eastern sugar	Insulation work for pipe & equipment
Rubber glove	Songkhla	Premier system engineering	Hot insulation & ducting work
Municipal garbage boiler	Hatyai	Getabec international	Hot insulation for boiler, tank & economizer pipe
Sugar mill	Khonkaen Mitr Phuviang	United farmer & Industry	Insulation for chill water pipe & ducting work
Cold storage	Ayutthaya	Thai Shinryo Thai Yokorei	Sound insulation work for wall & ceiling
Sugar mill	ESC, Sa Kaeo	Wellman	Insulation work for tank
Plastic film	Rayong	Polyplex	Insulation work for pipe & equipment
Petroleum oil Bangchak	Bangkok	The Companion	Insulation work for pipe
Chemical plant	Rayong	Vanachai Chemical Industries	Ducting & Insulation work
Vegetable oil	Nakhon Ratchasima	Thai Edible Oil	Insulation work for pipe & equipment
Sugar mill	Khonkaen sugar, Khonkaen	Wellman	Insulation work for pipe & equipment

# 2012

Project Title	Location	Client	Description
Petroleum oil	Bangkok	Thai Beltech Bangchak	Insulation for Tank T-971
Power plant	Ayutthaya	Thai Shinryo	Hot insulation for pipe & Equipment
Beverage	Bangyeekhan	Tanasin	Utilities for vinasse evaporation plant
			Equipment & Pipe for inside evaporation
Particle board	Saraburi	Vanachai Group	Insulation work for pipe & equipment
Sugar mill	Khonkaen	United farmer & Industry	Insulation for refined sugar confitoning silo
Furnace shell	Chonburi	Unimit Engineering	Insulation work & cladding Alumina cloth
Sugar mill	Loei	Wellman	Hot insulation for boiler
Sugar mill	Sa Kaeo	Eastern sugar	Insulation work for pipe & equipment
Rubber glove	Songkhla	Premier system engineering	Insulation wall L.1-2
Chemical	Chachoengsao	Maida One	Calcium silicate insulation for tank

## 2011

Project Title	Location	Client	Description
Pipe Rack	Chonburi	Meisei International Chuk Samet Pier	Cryogenic insulation for LNG pipe
Fabrication		Bam-Clough	
Module		CJJV	
Rubber glove	Songkhla	Premier system engineering	Hot insulation work
Petroleum oil	Bangkok	Thai Beltech    Bangchak	Hot insulation work
Furnace shell	Chonburi	Unimit Engineering	Hot insulation work
Solar Power	Thai solar, Kanchanaburi	Getabec PLC.	Hot insulation work
Sugar mill	Sa Kaeo	Eastern sugar	Hot insulation work

## 2010

Project Title	Location	Client	Description
Petroleum Oil	Bangkok	The Bangchak Petroleum	Insulation work for tank T-969
Powder	Nakhon Ratchasima	Pilin Project Sahacogen	Insulation work for pipe
Rubber glove	Rayong	Cardinal Health	Removed & reinstallation for insulation work
Power Plant	Rayong	Meisei International CCC/HRSG	LC insulation work for pipe & equipment
Motor part	Atsumitech Rayong	Amano	Ducting work

# 2009

Project Title	Location	Client	Description
Can	Sriracha	Alucon	Ducting work
	Srixon Kabinburi	Amano	Ducting work
Vegetable oil	Samut Prakan	Buddy smith Morakot	Insulation & ducting work
Petroleum oil	Rayong	Rayong Purifier	Insulation work for pipe
Winery	Samut Sakhon	Tanasin United winery	Cold insulation work
Petrochemical	Rayong	C.E. Industries TPC	Insulation work for tank and duct of dryer
Motor part	Samut Prakan	Asah Toyota	Ducting work for TMAP-EM Test building #3

# 2008

Project Title	Location	Client	Description
Petroleum oil	Bangkok	Pilin Project Bangchak	Insulation work for pipe
Sugar mill	Sa Kaeo	Eastern sugar	Insulation work for equipment and pipe
Liquor	Nakhon Pathom	Thai Alcohol	Insulation work for equipment and pipe
Particle board	Surat Thani	Vanachai Panel Industries	Insulation & Ducting work
Vegetable oil	Samut Sakhon	Thai Vegetable Oil	Insulation work for equipment and pipe
Oil rig module	Chonburi	Aibel Modec	Insulation work for vessel
Rubber glove	Songkhla	Premier system engineering	Insulation & ducting work
Power plant	South Pranakorn	STECON	Insulation work for pipe
Soybean oil	Samut Prakan	Morakot	Insulation work for equipment and pipe
Oil rig module	Chonburi	Aibel Prosafe	Insulation work for prosafe project
Paper	Prachinburi	Double A	Insulation work for equipment and pipe
Sugar mill	Sa Kaeo	Eastern sugar and cane	Insulation work for equipment and pipe
Power plant, RPCL	Ratchaburi	STECON	Supply manpower for insulation work
Ethanol	ESC Sa Kaeo	ES Power	Insulation work for 150klpd plant
Particle board	Surat Thani	Vanachai Panel Industries	Insulation work for equipment and pipe
Rubber glove	Songkhla	Premier system engineering	Insulation & ducting work

## 2007

Project Title	Location	Client	Description
Rubber glove	Songkhla	Premier System Engineering	Ducting work
Spong plant	Rayong	C.E. Industries CP Group	Insulation work for pipe
Power plant	Ratchaburi	Ratchaburi Electricity Generating	Insulation work for Bypass Duct FGD#1
Acrylic fiber	Saraburi	Thai Acrylic Fibre	Insulation work for hot & cold pipe
Oil rig module	Chonburi	Aibel Aker	Insulation work for Aker project
Oil rig module	Chonburi	Aibel Vincent	Insulation work for Vincent project
Power plant, RPCL	Ratchaburi	STECON	Supply manpower for insulation work

## 2006

Project Title	Location	Client	Description
Rubber glove	Songkhla	Premier system engineering	Ducting work
Tyre	Chonburi	CAP Engg. Yokohama	Insulation work for hot pipe
Oil rig module	Rayong	Vetco Aibel	Insulation work for equipment and pipe
Particle board	Surat Thani	Vanachai Panel Industries	Insulation work for equipment and pipe
Liquor plant	Nakhon Pathom	Tanasin Sangsom	Insulation work for hot & cold pipe
Chemical plant	Chonburi	Unimit Engineering Jimar power	Acoustic panel
Sugar mill	Sa Kaeo	Eastern sugar and cane	Insulation work for equipment and pipe

## 2005

Project Title	Location	Client	Description
Power plant	Sahacogen Chonburi	Synimage Mechanical	Insulation work for hot pipe
Chemical plant	Chonburi	Unimit Engineering AACP	Insulation work for hot equipment
Rubber glove	Songkhla	Premier system engineering	Ducting work
Chemical plant	Rayong	C.E. Industries	Insulation work for hot & cold pipe
Chemical plant	Chonburi	Unimit Engineering Sankyu	Insulation work for boiler
Metal plant	Chonburi	Nakornthai Strip mill	Insulation work for equipment
Gypsum	Chonburi	Thai Gypsum	Insulation work for hot air duct

## 2004

Project Title	Location	Client	Description
Acrylic fiber	Saraburi	Thai Acrylic Fibre	Hot & cold insulation for pipe and tank
Food products	Chachoengsao	Thai Max	Remove old insulation and install new

## 2003

Project Title	Location	Client	Description
Food products	Samut Sakhon	Nadee Cannery	Installation air duct with aeroflex
Plastic film	Rayong	Polyplex	Hot insulation work
Food products	Lopburi	Saha Inter Foods	Insulation for IQF freezer
Chemical plant	Rayong	Vanachai Chemical Industries	Hot & cold insulation work for pipe and tank
Power plant	Surat Thani	Vanachai Panel Industries	Insulation work

## 2002

Project Title	Location	Client	Description
Food products	Bangkok	Bangkok Farm	Cold insulation work for pipe
Food products	Bangkok	Nestle	Insulation work for pipe
Rice mill	Phatum Thani	PRG Granary	Hot insulation for pipe
Steam pipe line	Rayong	STECON	Hot insulation for pipe

## 2001

Project Title	Location	Client	Description
Oil Storage Terminal	Samut Sakhon	PSP Specialties	Insulation work
Chemical plant	Samut Prakan	Rayong Intania	Insulation work for pipe & tank
Power plant	Chonburi	Sahacogen	Insulation work

## 2000

Project Title	Location	Client	Description
Oil storage plant	Samut Sakhon	PSP Specialties	Insulation work for pipe
Particle board	Chonburi	Particle planner	Insulation work for cyclone, stack, chamber, dryer, suction duct
Gypsum board plant	Saraburi	The Siam Gypsum Industries	Insulation work for dryer

## 1999

Project Title	Location	Client	Description
Rubber glove	Songkhla	Premier system engineering	Air tube suction & discharge
Petrochemical plant	Rayong	Thai Caprolactam	Insulation work for equipment and pipe
Petrochemical plant	Rayong	Thai Petrochemical Industry	Insulation works for pipe

## 1998

Project Title	Location	Client	Description
Particle board	Surat Thani	Vanachai Panel Industries	Insulation work for chip dryer
Petrochemical plant	Rayong	Thai Olefins	Labour for cold insulation work of TOC pipe
Rubber glove	Songkhla	Premier system engineering	Isolation wall for oven
Paper mill	Prachinburi	Thai Cane Paper	Hot insulation for steam pipe and quipment
Steam pipe line	Rayong	Meisei International COCO Phase3	Labour for hot insulation work for pipe

## 1997

Project Title	Location	Client	Description
Petrochemical plant	Rayong	Design 90 Rayong olefins	Hot insulation for steam pipe
Automotive	Rayong	Sekurit Saint Gobain TOA	Insulation work for hot air circuit and acoustic insulation

## 1996

Project Title	Location	Client	Description
Chemical plant	Rayong	Vanachai Chemical Industries	Hot & Cold insulation for pipe, tank, vessel and boiler
Gypsum plant	Saraburi	Siam Gypsum	Hot insulation for hot air duct
Polyester plant	Phatum Thani	Thai Malon Polyester	Hot and cold insulation for pipe and equipment
Steel cord plant	Rayong	KSS Engg. Siam steel cord	Hot and cold insulation for pipe and equipment

## 1995

Project Title	Location	Client	Description
Petrochemical plant	Chonburi	Thai NDT	Scaffolding works for sphere tank
Chemical plant	Rayong	Thai Petrochemical Industry	Steel structure and ducting for power plant, insulation work for pipe

## 1994-1993

Project Title	Location	Client	Description
Latex plant	Samut Sakhon	BK Latex	Insulation work for Thermal oil boiler 3,000,000 Kcal.
Olefins plant	Rayong	Thai Olefins / Daelim Ind. / Insultec	<ul style="list-style-type: none"><li>- Scaffolding works</li><li>- Thermal insulation with mineral wool</li><li>- Cold insulation with foamglass for vessel, towers, sphere tank, pipe and fitting</li></ul>
Chemical plant	Rayong	Thai Petrochemical Industry	Steel structure and ducting work
